Hurricane Event Log

For Caribbean hospitality hurricane readiness

Maintain a chronological operational record of significant information, decisions, actions and changes during an active event.

How to use this resource

1 Localise the plan

Use the official emergency arrangements, authorities, contacts and property procedures for the island where you operate.

2 Assign before activation

Name the people and back-ups responsible for key functions before storm conditions create pressure.

3 Work from official information

Monitor recognised meteorological and government sources and translate updates into property decisions.

4 Record significant actions

Capture decisions, accountability, changes and evidence as the event develops.

5 Debrief and improve

After the event or exercise, assign improvements and verify that important gaps are actually closed.

IMPORTANT

Follow official warnings, evacuation orders and national/local disaster-management instructions. This resource supports planning; it does not replace emergency authorities, professional advice or your approved emergency plan.

Hurricane Event Log

Maintain a chronological operational record of significant information, decisions, actions and changes during an active event.

DATE / TIME	SOURCE / ROLE	SITUATION / UPDATE	DECISION	ACTION	OWNER	STATUS	EVIDENCE / REFERENCE

A hurricane plan should work when the storm is real.

CaribSafe Ready helps turn the plan into action.

CaribSafe Ready helps teams prepare, assign ICS-style roles, coordinate emergency tasks, maintain staff accountability and preserve the operational record for recovery and review.
